

## 3in Hitch Reducer Sleeves

## Wholesale Trailer Supply

Ford is offering a 3in receiver hitch on 1 ton trucks. There are 3in ball mounts available for this hitch  
There are also reducer sleeves available to accommodate 2in & 2-1/2in ball mounts and hitch accessories

2in & 2-1/2in receivers, ball mounts & hitch accessories come with a standard 5/8in pin hole size

The 3in receiver has a 3/4in pin hole size

The use of a 5/8in pin in a 3/4in hole can cause a loose fit and create movement and clunking  
Reducer Sleeves differ on what pin hole size(s) they come with, please note the information below

Manufacturers do not want their product modified

**WTS offers reducer sleeves available from BW, Curt, Reese & Trimax**
